SPECIFICATION SHEET

MAPLE FERTILIZER FOR GREEN GOLF COURSE Green 18-3-18

1. Product Name	Green Grade 18-3-18
2. Formula	100%MU+0.01%Fe+0.01%Mg
3. Color	Grey
4. Granule Size Guide Number (SGN)	100
5. Label Guarantee Analysis	<p>Total Nitrogen (N).....18%</p> <p>Source of Nutrients: 100% From Methylene Urea</p> <p>1.73% Urea Nitrogen 4.45% Slowly Available Water Soluble Nitrogen* 11.82% Water Insoluble Nitrogen</p> <p>Total P₂O₅..... 3% Total K₂O.....18% Fe₂O₃..... 0.1% Mg O 0.1%</p>
6. Product Longevity	This product is designed to keep supplying of Nitrogen up to 90 days
7. Other Information	<p>Please obtain a Material Safety Data Sheet for more information</p> <p>Official AOAC** Test for Slow Release Guarantee: The Water Insoluble Nitrogen claim is that which is not dissolved in a cold water test. The Nitrogen claimed in Other Water Insoluble Nitrogen is composed of methylenediurea (MDU) and dimethylenetriurea (DMTU). The percent Slow-Release Nitrogen is the combined WIN and Other Water Insoluble Nitrogen per AOAC 945.01 test method. The percent Slow-Release Nitrogen is 75%.</p> <p>**AOAC - Association of Official Analytical Chemists</p>
